GR Series

Uses a dictionary of over lorem ipsum combined with a handful of model sentences strutures, to generate lorem ipsum dorol lord sit resonable.

POWER RANGE: 0.12-200KW

TRANSMISSION RATION RANGE: 1.3-33000

OUTPUT TORQUE(KN.M): Top to 50

Categories: Induction Motor

Features

- Highly Standard Modular Designed
- Quality material ensures the product reliability
- High Strength, Compact Dimension
- Long Service Life
- Low Noise
- High Efficiency
- Large radial loading ability
- Axial load ability of up to 5% of radial load

Applications

- Belt conveyor drives
- Bucket elevator drives
- Agitator drives
- Hoisting gear drives
- Travelling gear drives
- Paper machine drives
- Dryer drives
- Water screw drives

Series 10

A high quality industrial standard range of electric motors with a Brook Crompton specification suitable for most industrial applications. The aluminium motors have outputs from 0.09kW to 18.5kW in frame sizes B-DA56 to A-DA160. The cast iron range of motors have outputs from 0.09kW to 900kW in frame sizes B-DF71M to BU-DF450, in either 2,4,6 or 8 pole speeds

Details

Series	Series 10	Voltages	Standard: 220/380 (3KW and Below) 380/660 (4KW and Above) Optional: 200-690V line & inverter operation
Frame size	56 - 450	Frame construction	Cast iron (Standard), Aluminium
Power output	0,09 - 900kW	Degree of protection	IP55 (Standard), IP56, IP65
Mounting arrangements	B3, B5, B35, B14, V1, V3	Temperature class	Standard: 155 (F) according to 130 (B) Optional: 180 (H) according to 155 (F)
Efficiency class	IE2 (Standard) , IE3	Cooling method	IC411
Number of poles	2, 4, 6, 8	Thermal Protection	71-450 - Thermistors

Features

- Full output range to meet your requirements
- Efficiencies are within the IE1 & IE2 bands (where applicable)
- Robust construction for long life
- Mountings foot, flange, face or combination
- Intergrated feet cast iron - 71 to 450 frame
- Euro voltage up to 30kW 230/640V, 4kW and above 400/690V
- Dual Frequency (50 / 60Hz)
- IP55
- Metal fan cover
- Multi-mount aluminium range
- Metric entries
- Thermal Protection filtered as standard
- Inverter duty

Trusted Partner For Your Industrial Needs

About

PT. Sailing Mandiri is trusted partner for your industrial needs. We dedicated ourselves to help our customers gaining and maintaining their cutting edges in today's business competition by supplying them with high quality, reliable, energy efficient, and cost effective products.

We focus on various Electric Motors (Low, Medium, High Voltages) for safe and hazardous duty, and Gearboxes.

Our Vision

To become a leading one stop electric motors and gearboxes solution in Indonesia

Our Mision

To provide our customer with the best value products (best quality, reliable, energy efficient, and cost effective)

To support our customer with the best service and after sales support

To commit ourselves with integrity, honesty, and trust in our business conducts
